

WATER AND SEWERAGE CORPORATION

INVITATION TO DESIGN, BUILD, OWN, OPERATE (DBOO) – REVERSE OSMOSIS (RO) PLANT, RAGGED ISLAND, THE BAHAMAS

1. The Water & Sewerage Corporation invites tenders from suitably qualified Contractors to Design, Build, Own and Operate a Reverse Osmosis (RO) Desalination Plant on Ragged Island.
2. The Scope of Works includes the provision of all design, expertise, labour, material, equipment and other necessary services required to Design, Build, Own and Operate a 5,000 Imperial Gallon Per Day (IGPD) Reverse Osmosis Desalination Plant, a 25,000 Imperial Gallon Storage Tank Farm and a Distribution System in accordance with the Corporation's Technical and Operational requirements.
3. Tenders from potential Contractors must be accompanied by comprehensive details on:
 - a) Qualifications and Experience on similar projects with proven technologies.
 - b) Personnel to be assigned (including their experience on similar projects).
 - c) Proof of financial and technical capability to complete the works.

The Contractor's Qualifications & Experience and Tender Price will be evaluated for Award of Contract.

4. Tender Documents will be available electronically (by email) beginning Tuesday January 2, 2018, from the Corporation's Engineering & Planning Department), No. 38, University Drive, after the payment of a nominal fee of \$107.50 (Vat inclusive). Contact 302-5548 or 302-5793.
5. A Pre-Tender Site Visit is scheduled for Tuesday January 16th 2017 and further details will be shared with all interested Contractors who have confirmed their participation as per item No. 4 above.
6. Completed Tenders must be returned only to the address below, no later than 2:00 p.m. on Tuesday January 30th 2017.
